Dear readers! In order to provide you with the best quality manga we're working hard every day, but our devotion itself isn't enough- we still need HQ raws, which are quite pricey. We're still poor students and such expenses are a bit too much for us, yet we would like to start so many new projects! That's why we are humbly asking our readers for small donations- even a small amount is fine! Please, support our team and help us release more wonderful titles!
